DETAILED ACTION

Information Disclosure Statement

1. The information disclosure statement filed November 30, 2006 fails to comply with 37 CFR 1.98(a)(3) because it does not include a concise explanation of the relevance, as it is presently understood by the individual designated in 37 CFR 1.56(c) most knowledgeable about the content of the information, of each patent listed that is not in the English language. Only those patents with English abstracts have been considered. Additionally the Japanese Office action has not been considered, because it has not been translated.

Drawings

2. The drawings were received on 11/30/2006. These drawings are not approved. However, please note that the Examiner withdraws her drawing objection from the previous office action. Upon further consideration, it appears that Figure 3 is proper, and the Examiner misunderstood the figure. She regrets any inconvenience that was caused by her confusion.

Allowable Subject Matter

3. Claims 1, 10, 11, and 12 are allowed.
